

I have had a couple of Relaxation Massages from Cat.

Each massage lasted for 1 hour and was a totally wonderful relaxing experience.

I would definitely recommend Cat to anyone who wishes the stresses of the day to be swept away.

It was a particularly nice experience seeing as it was in the evening and in the comfort of my own home, making it easy to stay in the flow of that relaxation after, and just chill. No travelling out in the cold damp nights ... perfect!
